ESG benchmarks saw record growth in 2021, finds study
Oct 27, 2021 · Tearing apart the data, the IIA found the number of ESG indices rose by 43.2%, compared to a
40.2% rise from 2019 to 2020. That finding aligns with the IIA’s ESG survey earlier this year, where 85% of asset
manager respondents agreed that ESG was a high priority for their companies; respondents from that study also
projected the proportion of ESG assets in their portfolios would rise ...

How Knowledge Helps | Reading Rockets
How knowledge brings more knowledge. The more you know, the easier it will be for you to learn new things.
Learning new things is actually a seamless process, but in order to study it and understand it better, cognitive
scientists have approached it as a three-stage process.

Wealth tax - Wikipedia
A wealth tax (also called a capital tax or equity tax) is a tax on an entity's holdings of assets. This includes the total
value of personal assets, including cash, bank deposits, real estate, assets in insurance and pension plans,
ownership of unincorporated businesses, financial securities, and personal trusts (a one-off levy on wealth is a
capital levy).
